SUBSTANCE ABUSE POLICY 222

The District recognizes the importance of employee education and rehabilitation regarding substance abuse.

It is similarly the goal of the District to provide a safe workplace for all those employed on the District's wharves and property. No person by whoever employed may work on the District's wharves or any or its properties while under the influence of alcohol or illegal drugs. Each employer of individuals who work on the District's wharves or properties shall have in place a substance abuse policy which subjects employees to post-accident drug-testing and drug-testing on reasonable suspicion of intoxication and which provides for appropriate subsequent action. All employee drug tests shall be conducted in compliance with applicable federal and state laws.
